

BC Wild Salmon Strategy Community Meeting

The Province of British Columbia is in the process of developing a made-in-BC wild salmon strategy that will support restoring healthy and abundant wild salmon stocks in BC.

In December and January, members of the Wild Salmon Advisory Council will be in BC communities to hear directly from you and fellow British Columbians. The Advisory Council's options paper will form the basis of their engagement process, and with your input, will help develop a renewed provincial approach to protecting wild salmon.

You can get involved in the following ways:

1. Review the options paper developed by the Wild Salmon Advisory Council
2. Provide written input through an online feedback form by January 11, 2019
3. Participate in the community meetings led by the Wild Salmon Advisory Council

Langford

Date: Thursday, January 10, 2019

Time: 6:00 – 8:00 pm (registration opens at 5:30)

Venue: Juan de Fuca Recreation Centre - Lower Park (Kinsmen Fieldhouse)

Address: 1767 Island Highway, outside of Victoria

Go to engage.gov.bc.ca/bcwildsalmonstrategy for more information.

Your input is important to inform the province's action plan to sustain wild salmon today and for future generations.
